## NOTICE OF RATE CHANGE HYPERLINK FEES IN SOQUIJ ONLINE SERVICES

Dear Client,

SOQUIJ would like to inform you that changes are being made to hyperlink fees in the Plumitifs and Collections services of the Portail SOQUIJ, in accordance with clause 8 of the User License. **These changes will come into effect on November 1, 2015.**

With the launch of its new Recherche juridique service, SOQUIJ is simplifying its rates for consulting documents. As we previously announced, consulting a judgment in Recherche juridique costs \$5.55 and includes the summary, the full text, and the Historique and Citateur records. This amount also applies to judgments consulted through hyperlinks within the Recherche juridique service.

**To standardize the rates, a charge of \$5.55 will also apply to the consultation of judgments through hyperlinks in the Plumitifs and Collections<sup>1</sup> services.** You may consult the summary, the full text, and the Historique and Citateur records successively for the single price of \$5.55 per judgment.

As you can see, our efforts to improve, simplify, and offer easier access to quality legal information have also been applied to our rates. Until now, consulting all these documents could cost up to \$20.50 per judgment.

The Portail SOQUIJ offers today's professionals high-performance, intelligent tools:

- Recherche juridique: a comprehensive and user-friendly search environment
- Plumitifs: a single access point to disseminate the information in courthouse and municipal court registries
- Collections: a consolidation of reference material
- Express: a newsletter summarizing recent developments in case law, legal commentary and legislation

For more information, call us at 514-842-AIDE or 1-800-356-AIDE (toll-free), or email us at [aide@soquij.qc.ca](mailto:aide@soquij.qc.ca).

Sincerely,

Business development and customer relations division  
SOQUIJ

<sup>1</sup> This rate change does not apply to yearly subscriptions to the Collections service.
